**Subject: Recent Dubai Government Mission to the USA.**

Dear Shawky,

On behalf of the Government of Dubai, Department of Economic Development and Dubai FDI, we would like to extend our sincere appreciation for your organization of an information seminar on "Why Dubai?" during the Toronto visit of Mr. Al Hinton which included representatives from the Canada UAE Business Council and the UAE Consulate General.

We are delighted to learn that there were many business executives very keen on learning more about our incredible City and its business friendly environment.

Programs like this go a very long way in our mutual quest to educate the global business community of the openness we have for business and the value proposition that the UAE and Dubai have to offer.

We were very grateful for the time you spent organizing and hosting the program during our visit and look forward to further establishing closer ties in the area.

Please do let our Team know of any companies who might benefit from a further discussion with us.

Again our sincere thanks.

**Fahad Al Gergawi**  
**Chief Executive Officer**  
**Dubai Investment Development Agency (Dubai FDI)**
